### Forward-Looking and Non-GAAP Statements

These slides and the accompanying presentation (collectively, the "presentation") contain forward-looking statements as defined in the Private Securities Litigation Reform Act of 1995. Forward-looking statements are information of a non-historical nature and are subject to risks and uncertainties that are beyond JBT's ability to control. These forward-looking statements include, among others, statements relating to our business and our results of operations, a potential transaction with Marel, our strategic plans, our restructuring plans and expected cost savings from those plans, and our liquidity. The factors that could cause our actual results to differ materially from expectations include, but are not limited to, the following factors: the occurrence of any event, change or other circumstances that could give rise to the termination or abandonment of the offer for Marel Shares (the "Offer"); the expected timing and likelihood of completion of the proposed transaction with Marel, including the timing, receipt and terms and conditions of any required governmental and regulatory approvals of the offer that could reduce anticipated benefits or cause the parties to abandon the transaction; the possibility that our stockholders may not approve the issuance of new shares of common stock in the offer; the risk that Marel and/or JBT may not be able to satisfy the conditions to the proposed offer in a timely manner or at all; the risk that the proposed offer and its announcement could have an adverse effect on the ability of JBT and Marel to retain customers and retain and hire key personnel and maintain relationships with their suppliers and customers and on their operating results and businesses generally; the risk that problems may arise in successfully integrating the businesses of Marel and JBT, which may result in the combined company not operating as effectively and efficiently as expected; the risk that the combined company may be unable to achieve costcutting synergies or that it may take longer than expected to achieve those synergies; fluctuations in our financial results; unanticipated delays or acceleration in our sales cycles; deterioration of economic conditions; including impacts from supply chain delays and reduced material or component availability; inflationary pressures, including increases in energy, raw material, freight, and labor costs; disruptions in the political, regulatory, economic and social conditions of the countries in which we conduct business; changes to trade regulation, guotas, duties or tariffs; fluctuations in currency exchange rates; changes in food consumption patterns; impacts of pandemic illnesses, food borne illnesses and diseases to various agricultural products; weather conditions and natural disasters; the impact of climate change and environmental protection initiatives; acts of terrorism or war, including the ongoing conflicts in Ukraine and the Middle East; termination or loss of major customer contracts and risks associated with fixed-price contracts, particularly during periods of high inflation; customer sourcing initiatives; competition and innovation in our industries; difficulty in implementing our pure play food and beverage strategy, including our ability to execute on strategic investments, merger or acquisition opportunities; our ability to develop and introduce new or enhanced products and services and keep pace with technological developments; difficulty in developing, preserving and protecting our intellectual property or defending claims of infringement; catastrophic loss at any of our facilities and business continuity of our information systems; cyber-security risks such as network intrusion or ransomware schemes; loss of key management and other personnel; potential liability arising out of the installation or use of our systems; our ability to comply with U.S. and international laws governing our operations and industries; increases in tax liabilities; work stoppages; fluctuations in interest rates and returns on pension assets; a systemic failure of the banking system in the United States or globally impacting our customers' financial condition and their demand for our goods and services; availability of and access to financial and other resources; the risk factors discussed in the Registration Statement on Form S-4, including the preliminary proxy statement/prospectus contained therein, filed by JBT in connection with the Offer; and other factors described under the captions "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" in JBT's most recent Annual Report on Form 10-K filed with the U.S. Securities and Exchange Commission (the "SEC") and in any subsequently filed Quarterly Reports on Form 10-Q. JBT cautions shareholders and prospective investors that actual results may differ materially from those indicated by the forward-looking statements. JBT undertakes no obligation to publicly update or revise any forward-looking statements whether as a result of new information, future developments, subsequent events or changes in circumstances or otherwise.

JBT provides non-GAAP financial measures in order to increase transparency in our operating results and trends. These non-GAAP measures eliminate certain costs or benefits from, or change the calculation of, a measure as calculated under U.S. GAAP. By eliminating these items, JBT provides a more meaningful comparison of our ongoing operating results, consistent with how management evaluates performance. Management uses these non-GAAP measures in financial and operational evaluation, planning and forecasting.

These calculations may differ from similarly-titled measures used by other companies. The non-GAAP financial measures disclosed are not intended to be used as a substitute for, nor should they be considered in isolation of, financial measures prepared in accordance with U.S. GAAP.

### **Important Additional Information**

#### **Important Notices**

This presentation is not intended to and does not constitute an offer to sell or the solicitation of an offer to buy any securities or a solicitation of any vote or approval, nor shall there be any sale of securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction. In particular, this presentation is not an offer of securities for sale in the United States, Iceland, the Netherlands, or Denmark.

#### Note to U.S. Shareholders

It is important that U.S. shareholders understand that the Offer and any related offer documents are subject to disclosure and takeover laws and regulations in Iceland and other European jurisdictions, which may be different from those of the United States. The Offer will be made in compliance with the U.S. tender offer rules, including Regulation 14E under the Exchange Act and any exemption available to JBT in respect of securities of foreign private issuers provided by Rule 14d-1(d) under the Exchange Act.

#### **Important Additional Information**

# **Broad Participation in Diverse Food & Beverage Markets is a Strong Differentiator**

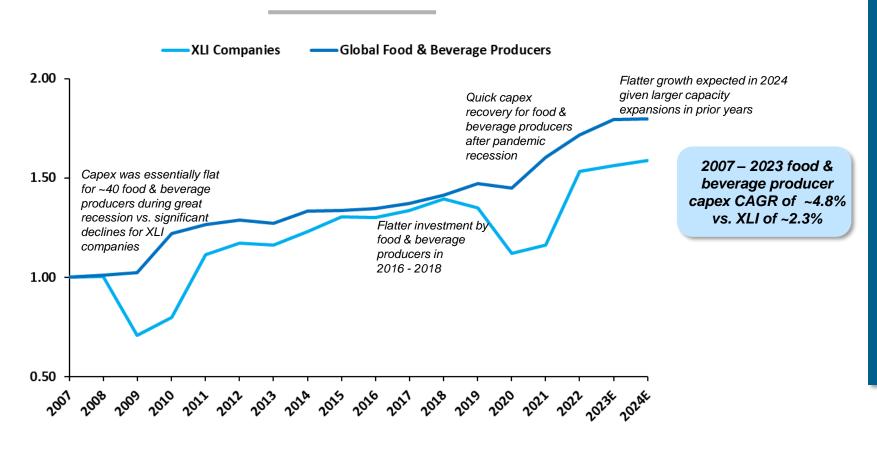

#### **JBT 2023 Equipment Orders by End Market**

# Resiliency of Investment by Food & Beverage Producers Supports JBT

#### **Indexed Capex Comparison** (1)

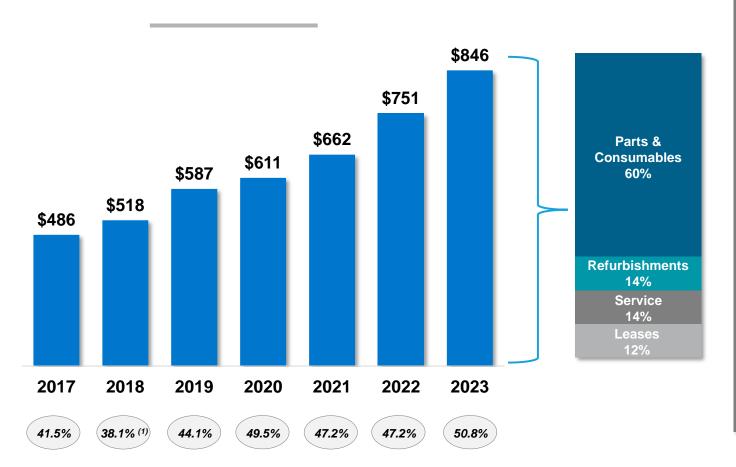

### **Benefits of Stable Demand for Food & Beverage Products**

- Continued growth in food and beverage consumption creates a less cyclical environment
- During economic recessions, capex for food & beverage producers was not as severely impacted when compared to major industrial companies in the XLI
- JBT benefits as food & beverage producers continue to invest in equipment solutions to serve the end consumer

# Demonstrated Resiliency Through the Cycle with Recurring Revenue Model Leveraging Large Global Installed Base

### Recurring Revenue Driven by Sales and Service Network

- ~600 field service technicians globally support equipment and leases
- Cross-training for increased regional support and utilization
- Increased selling of aftermarket support contracts with equipment sales – developing more parts kits vs. single-part sales
- Generating new opportunities through increased focus on outbound aftermarket sales
- Over 50,000 global install base of machinery

(1) To align with our Elevate 2.0 strategy, we have removed revenue from AeroTech solutions. We have also added solutions to our metrics, which reflect an expanded definition of our "Food Waste Reduction" category (to include products such as retorts, hydros, and aseptic UHTs that extend product shelf life through sterilization) and a new category for "Emerging Food & Nutrition" that relates to equipment used in the alternative protein and dairy space.

### Business Combination with Marel

# Highly Complementary Merger Would Create a Leading Global Food and Beverage Technology Solutions Company

Sustainability

Greater collective impact on sustainability with innovative customer solutions rooted in reducing waste, energy efficiency, and improved food traceability

Scale

Enhanced operational scale to create efficiencies and generate meaningful cost synergies together with anticipated revenue synergies from cross-selling, enhanced service, and an overall improved value proposition

#### **Transaction Overview**

### Transaction Consideration

- On April 4, JBT executed a definitive agreement with Marel related to JBT's previously announced intention to make a voluntary takeover offer for all issued and outstanding shares of Marel
- Offer of €1.26 per share in cash and 0.0265x shares of JBT stock per share of Marel, implying total equity value of approximately €2.7B <sup>(1)</sup>; inclusive of Marel's net debt (approximately €0.7B as of December 31, 2023), represents an enterprise value of approximately €3.5B
- Shareholders to have the ability to elect to receive cash, stock, or a combination of stock and cash
- Election to be subject to proration, such that Marel shareholders will receive an aggregate of approximately €950M in cash and ~38% interest in the combined company, and an anticipated final mix of ~65% equity / 35% cash

#### **Work Streams**

- Pending approval by the FSA of the offer document and prospectus, JBT expects to promptly launch the voluntary takeover
  offer
- Combined company will have secondary listing on Nasdaq Iceland, subject to Icelandic regulatory approvals, in addition to NYSE listing
- Timing of the transaction close remains primarily dependent on the regulatory clearance process, including those required under antitrust and competition laws; JBT continues to plan for a transaction close by the end of 2024
- Closing is subject to at least 90% of Marel's outstanding shares being tendered into the offer, approval by a majority vote of JBT stockholders, applicable regulatory clearances, and satisfaction or waiver of other closing conditions

### **Recent Transaction Process Updates**

### Regulatory Work Streams

- On May 8, the waiting period required under the U.S. Hart-Scott-Rodino Act expired
- Other required regulatory filings and reviews required under competition law are in process

### Form S-4

- On May 15, JBT filed a Registration Statement on Form S-4, which contains a preliminary proxy statement/prospectus, with the SEC
- SEC review of the Form S-4 filing is expected on customary timeline

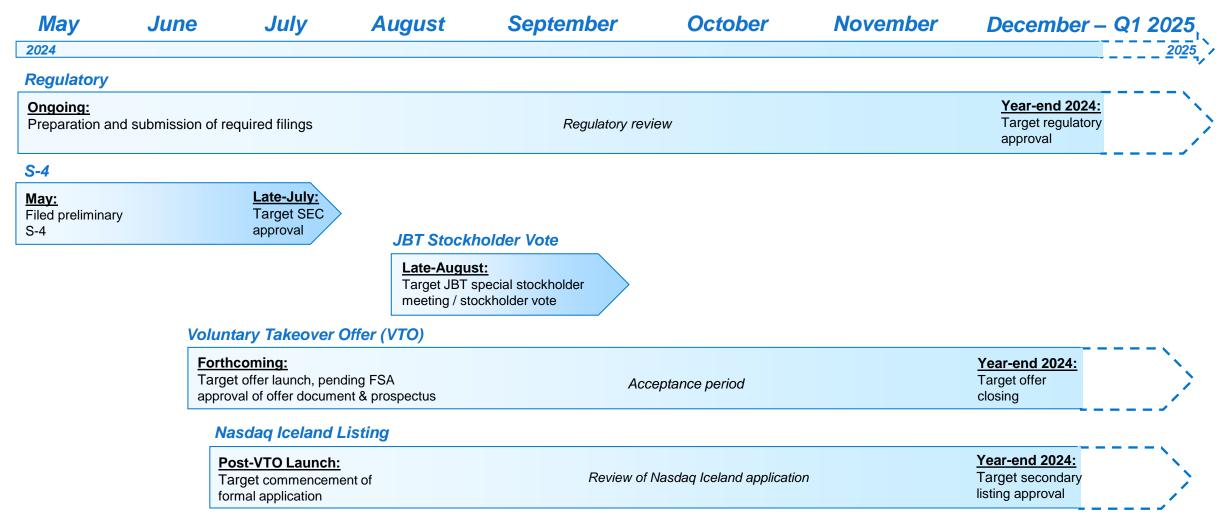

FSA Review

- Initial comments from the FSA related to offer document and prospectus were received on May 17
- JBT responded to FSA comments on May 24 and is currently awaiting feedback from the FSA within customary 10 business day period

Upon receipt of final approval of the offer document and prospectus from the FSA and completion of the required 4-day retail marketing period in Iceland, JBT will be able to launch the voluntary takeover offer

### **Target Timeline for Transaction Next Steps**

Targeting to close transaction by year-end 2024, subject to approval by a majority vote of JBT stockholders, regulatory approvals, at least 90% of the outstanding Marel shares being tendered by Marel shareholders, and satisfaction or waiver of other closing conditions

### Commitment to Marel's Heritage and Legacy

Honoring Marel's Mission to Work in Partnership With Customers to Transform the Way Food is Processed
